

Spring Break Camp 2012

We are so excited for Summer Camp that we just can't wait until summer! This year we are offering a brand new Spring Break Camp for students grades 3-5 and 6-8. Campers will experience marine science through hands-on activities, crafts, and exploration of our local watershed. A break from school doesn't have to mean a break from learning. Through these fun activities, we will discover how ocean animals live in their habitat. We will meet daily at the station from 9-12pm.
