Join us for Coastal Encounters: Open House at the Navarre Beach Marine Science Station Celebration on Saturday, October 1, 2011, 10 am until 2 pm. The Navarre Beach Marine Science Station is located at the county park on Navarre Beach. **Kids Fishing Clinic will take place at the at the Navarre Pier**, 8 am until noon. Join us for this fun filled day!

As part of the Beaches to Woodlands Tour, this event is one of many throughout Santa Rosa County that will showcase the coastal and natural areas of our county. Local high school students enrolled in classes at the station will present many hands-on activities such as:

shark myths, marine debris, fish painting, shell identification, sea turtles, and more!

In addition, environmental education activities and displays will be provided by local organizations, agencies, and schools. Participants will be able to tour the Marine Science Station and learn about opportunities of how they can support the station. Several displays will focus on various issues such as protecting area waterways and coastal habitats. Information on sharks, water safety, disaster preparedness and other local environmental issues will be included. Learn about live marine critters at the touch tank, experience kayaking and fishing.

The kids fishing clinic will take place at the Navarre Fishing Pier from 8 am until noon. The first 150 children, ages 5-12 will receive free access onto the fishing pier and a fishing rod and reel!

Join us for this fun-filled day!
